HJDROLLERY-307

1. The file of DS-666 was reviewed by CAPEZONE with negative results concerning any information re the identification of Subject.
2. As you are aware, there are too many KOVACS carded in GCS central registry to make a proper name trace. However, we did thumb through all the cards just on the off-chance that we might pick up an employee of the Hungarian Passport Office or the Visa Section, but our results were negative.
3. If you are able to secure more identifying data on subject to enable us to make a name trace, please submit it to us and we will trace him.
